Pro Rata Subscription Payments:

Calculation of your first month's payment:

- If you join the club between the 1st and 15th of the month, you will pay the rest of that month's subscription. If you join as an adult member (£25.50 per month) on the 13th of a 30-day month you will pay £14.45 for the rest of that month i.e. £25.50 divided by 30 days x 17 (remaining days of the month). You will then pay your first full month of membership by Direct Debit on the 1st of the following month thereafter
- If you join the club after the 15th of the month, you will pay for the rest of that month and the following month. For example, if you join on the 20th of a 31-day month you will pay as follows:
 - £9 i.e. £25.50 divided by 31 = £0.82 per day x 11 (remaining days of the x month)
 - plus the following month's subscription of £25.50 = £34.50
 - your first Direct Debit for £25.50 will be taken on the 1st of the following month thereafter
